ArcGIS Desktop 9.3

This media kit contains the DVDs required to install and use ESRI® ArcGIS® Desktop 9.3 and ArcInfo® Workstation 9.3 software. The following table lists the content of the DVDs included in this media kit.

ArcGIS Desktop DVD

Setup Programs	Description
ArcGIS Desktop	ArcView™, ArcEditor™, and ArcInfo products and the optional ArcGIS extension products.
ArcGIS Tutorial Data	Tutorial data for ArcGIS Desktop and extensions.
ArcGIS License Manager	Manages the licenses and deployments of ArcGIS products.
ArcSDE® for Microsoft® SQL Server® Express	SQL Server Express for sharing geodatabases using ArcSDE.
ArcReader™ for Windows®	Stand-alone product for viewing, querying, browsing, and printing published map files (PMFs) made from ArcGIS Publisher.
ArcGIS Desktop Developer Resources for Windows	Documentation, tools, and sample code for developers customizing or extending ArcGIS Desktop using Visual Basic® for Applications (VBA), Microsoft .NET Framework, Visual Basic 6, and Visual C++®.
ArcGIS VBA Resources for Developers	
ArcGIS Desktop Software Developer Kit (SDK) for the Microsoft .NET Framework	
ArcGIS Desktop SDK for Visual Basic 6	
ArcGIS Desktop SDK for Visual C++	

ArcInfo Workstation DVD

Setup Programs
ArcInfo Workstation for Windows
ArcInfo Workstation for Sun™ Solaris™
ArcInfo Workstation for HP® HP-UX® PA-RISC
ArcInfo Workstation for IBM® AIX®
ArcDoc™ for ArcInfo Workstation

Installation and registration

For installation and registration instructions, please refer to the enclosed Quick-Start Guide.

Optional ArcGIS extensions

A suite of optional extensions is available for ArcGIS® Desktop. If you have licensed an extension, you can register and enable the extension through the ArcGIS Desktop registration process. If you would like to evaluate an extension for a limited time, you can do so using the same registration process.

Name of Extension	Extended Capabilities
ArcGIS Spatial Analyst	Advanced spatial modeling and analysis.
ArcGIS 3D Analyst™	Three-dimensional visualization and analysis.
ArcGIS Network Analyst	Create, manage, and analyze network datasets. Generate routing solutions and model realistic network scenarios.
ArcGIS Geostatistical Analyst	Spatial data exploration, data anomaly identification, optimum prediction, and surface creation.
ArcGIS Tracking Analyst	Play back, analyze, and visualize complex time series data and spatial patterns.
ArcGIS Survey Analyst	Manage survey data in a geodatabase and display survey measurements and observations on a map.
Maplex® for ArcGIS ¹	Automated high-quality cartographic text placement and labeling.
ArcScan™ for ArcGIS ²	Comprehensive, efficient, and easy-to-use tools for raster-to-vector conversion.
ArcGIS Data Interoperability	Direct read, transformation, and export for a wide range of spatial data formats.
ArcGIS Publisher	Convert ArcMap™ documents to PMFs that can be read and printed from ArcReader™.
ArcGIS Schematics	Generate database-driven schematic and geoschematic graphic representations.

¹ An extension license is not required for use with an ArcInfo license.

² An extension license is not required for use with an ArcInfo or ArcEditor license.

Dear ArcGIS Desktop User:

Welcome to ESRI® ArcGIS® Desktop 9.3. The ArcGIS 9.3 software is provided on DVD media. If another media format is required, consult your local ESRI distributor or regional office for additional options.

Installing ArcGIS 9.3

The Quick-Start Guide, available in the product media kit, provides information on prerequisites, installation, setting up the license manager, and places to find additional information and assistance for the ArcGIS products.

New Version of License Manager

There is a new version of ArcGIS License Manager (FLEXnet Publisher v11.4) available with ArcGIS 9.3. This new version must be installed for the ArcGIS Desktop 9.3 and ArcInfo® Workstation 9.3 products.

Important

- The new license manager will work with prior releases of the ArcGIS 9.x products.
- Uninstall the previous ArcGIS 9.x license manager prior to installing ArcGIS 9.3 License Manager.
- You can use your existing concurrent use license file and hardware key when installing the new license manager. There is no need to get a new license file unless you choose to change your existing license options. If you want to change your license options, please contact ESRI Customer Service at

E-mail: service@esri.com

Telephone: 888-377-4575

Fax: 909-307-3082

Hours: Monday–Friday, 8:00 a.m.–5:00 p.m. Pacific time

- The Borrowing tab available on the License Manager Tool (LMTools) is not enabled for the ArcGIS 9.3 release. This functionality will be enabled in a future release.

Support for ArcGIS Desktop 9.3

United States users—Support is provided by ESRI Technical Support. Please use the following options to contact Technical Support:

E-mail: support@esri.com

Telephone: 909-793-3774

Fax: 909-792-0960

Web forum: support.esri.com/forums

Hours: Monday–Friday, 5:00 a.m.–5:00 p.m. Pacific time

International users—Support for the software will be provided by your local ESRI distributor. For the number of your distributor, visit our Web site at <http://gis2.esri.com/intldist/contact/>.

We invite you to install and explore all the features and capabilities of ArcGIS Desktop 9.3.

The ArcGIS 9 Team
