GRANT ACTIVITY

November 2011, ADVANCE grant, (~ \$4 million. Role: Co-PI, *in preparation*)

September 2011: Korean Ministry of Education, Science & Technology, “Updating geography content on Korea in United States’ K-8 social science curriculum” (\$70,000, Role: Project Director, *in preparation*)

August 2011: NSF Geography and Spatial Sciences Program. “Why are Vehicle Miles Travelled and GDP Decoupling in the United States?” (~\$400,000, Role: PI, *in preparation*)

June 2011: Project Cascade: developing trade books on water, sanitation, hygiene and environmental education for children in Ethiopia, Grades 1-4 (Role: Co-PI, \$6,500,000 *in preparation*)

May 2011, National Science Foundation, Developing a Scientifically-Literate Citizenry (Project SLiC), \$981,884, Role: Co-PI (*Under Review*)

February 2011, EPA, Inspiring the Next Generation of Social Justice Advocates: Asthma in Connecticut, \$100,000, Role: PI, (*Not funded*)

May 2010: Transit-Oriented Development in Denver, Center for Transportation & Livable Systems, University of Connecticut. Role: PI. \$81,713 (*funded*)

May 2010: Developing An Index for Comparing Sustainability of Statewide Transportation Systems, Role: Co-PI, \$106,469 (*funded*)

March 2010: National Science Foundation: IGERT “*Ecosystems: Degradation & Recovery*” \$3 million. Role: Co-PI and member of the IGERT Steering Committee. (*Not funded*)

February 2010: Institute for Human Rights Fellowship (UConn) on “*Human Rights, Water and Development*”. (2 course releases in AY 2010/11). (*Not funded*)

February 2010: USDA grant proposal for online certificate in water resources and water. Role: Senior Personnel (*Not funded*)

December 2009: Discourses on Sustainable Development: Gilgel Gibbe III, UConn Research Foundation, Small Grants Competition (\$1,500). Role: PI (*funded*)

November 2009: Sustainable Water Resources in Ethiopia, US-AID/HED. \$7 million Role: Member of core team (approved for funding). \$1,100,000 funded awarded for Years 1 and 2 of 10-year project.

November 2009: 2020 Vision: Advancing Women at UConn, NSF ADVANCE IT grant Role: Co-PI \$3.9 million (*Not funded*)

October 2009: IGERT in Sustainable Urbanism-Seed Grant, Center for Transportation and Urban Planning, Role: PI, \$8,415 (*considered ineligible for funding*)

April 2009: “Effect of Low-Impact Development and Green Planning as a sustainable design strategy for Combined Sewer Overflow (CSO) mitigation” to the Connecticut Center for Transportation & Urban Planning. Role: Co-PI. (*Not funded*)

April 2009: Comparative analysis of foreclosure rates in traditional residential neighborhoods versus other types of neighborhood in Arizona and California (*Funded for \$60,000*). Role: PI.

February 2009: Institute for Human Rights Fellowship: “Integrative Approaches to Sustainable Water Resource Management in the Least-Developed Countries (LDCs)”. (*Not funded*). Role: PI.

February 2009: Ethiopian-US Partnership to Enhance and Empower Higher Education Institutions in Africa and the United States in Sustainable Development and Management of Water Resources. USAID. (*Funded for \$25,000*) Role: team member.

October 2008: IGERT—Sustaining Ecosystem Services: Understanding the Dynamics of Degradation and Recovery. NSF. (*Not funded*). Role: Senior Personnel

June 2008: Nested Geographies of Household-level Exposure to Higher Oil Prices in the US, New England University Transportation Center. Role: PI: \$177,130. (*Not funded*)

May 2008: Transportation Research Board: Methodology for Determining the Economic Impact of Transit Projects. Role: PI. \$399,357 (*Not funded*)

Spring 2008: Connecticut Institute of Transportation. The Meaning, Metaphor, and Measurement of Smart Growth. Role: PI. \$97,532 (*Not funded*)

Spring 2008: Connecticut Institute of Transportation. Spatial and temporal models to assess the impact of Light Rail Transit on land values. Role: PI. (*Funded for \$90,000*)

Fall 2007: Transportation Research Board (TRB): Connecting the Public to Transit: Circulator and Feeder Systems. Role: Work as part of a team to identify and measure the environmental, resource, traffic impact, and land use costs associated with expanding the commuter-shed of systems using circulator and feeder systems. Role: Co-PI (*Not funded*)

Fall 2007: Investigation of Spatial Variation of the Impact of Light-Rail Transit on land values in Rapidly-Growing US Cities. University of Connecticut, Seed Grant: (*Funded for \$7,525*). Role: PI)

Fall 2006: Cross-site comparison of Residential Density and Urban Growth Patterns in Phoenix and Baltimore (Long-term Ecological Research LTER/NSF). (*Not funded*)

Fall 2005: NSF Human and Social Dynamics SGER (Small Grants for Exploratory Research) grant to address the issues of homelessness in the wake of Hurricane Katrina. (\$191,000). Role: Coordinator. (*Not funded*)

Fall 2004: Grant Reviewer for ASU Grad. & Professional Students’ Association

Fall 2004: ABOR (Arizona Board of Regents) Tri-university grant proposal for Learner-Centered Education: “Mediated Geographies: Critical Pedagogy and Geographic

Education". Role: assisting with monitoring and evaluation of teaching approach, budgets, editing proposal, inter-institutional coordination. Funded for \$96,000.

Fall 2004: IGERT2 in Urban Ecology Grant, National Science Foundation. Role: Focused on the training, development, recruitment and retention component of the proposal with Dr. Zatz, Associate Dean of the Graduate College, ASU. Funded for \$3.2 million.

WORKSHOPS

March 2011: Co-organizer of workshop on Transit-Oriented Development, Denver, Colorado.

January 2011: Co-organizer of workshop on Sustainable Water Resources Management in Ethiopia, Addis Ababa, Ethiopia.

April 2010: Changing Geography in Higher Education: Towards a Scholarship of Academic Practice, INTL (International Network for Teaching & Learning Geography), Sub-group: “Promoting Synergistic Activities Between Geography and Other Disciplines”, Washington DC.

January 2010: The 2010 Conference on Water Resources in Ethiopia, Akaki Campus of Addis Ababa University, Ethiopia, funded by the National Science Foundation.
Session chair: Water Policy & Socioeconomics.

November 2009: Sustainable Cities: Educating Engineers for the 21st Century Congress for New Urbanism Summit on Sustainable Transportation Networks, Portland, OR. Role: Co-organizer.

June 2009: Building Capacity in Sustainable Water Resource Management in Ethiopia, University of Addis Ababa, Ethiopia

November 2008: Sustainable Transportation Networks, Charlotte, North Carolina.
Objective: Drafting position statements for T4 on defining and measuring sustainable transport.

Summer 2007: Geography Faculty Development Alliance, Boulder, Colorado.
Objective: Professional development for early career faculty in Geography.

Spring and Fall 2005: How to Teach Undergraduates Critical Reading, Thinking, and Writing, Center for Learning and Teaching Excellence.

Spring 2005: IGERT workshop on “Light Rail & Climate”
Objective: Practical experience of the integrative research process

Spring 2005: IGERT workshop on “Team-Building and Collaborative Research”
Objective: Training on goal-setting and interdisciplinary communication

Spring 2005: “Evaluation in the Classroom”, Center for Teaching and Learning Excellence

Spring and Fall 2004: “Running Effective Meetings and Teambuilding”, IGERT

Fall 2004: “Best Cooperation” Workshop at University of Washington, Seattle

Objective: to promote international collaboration between scholars of urban ecology.
